

## PRESS RELEASE

### **Finance Minister Trevor Manual on 3<sup>rd</sup> Degree**

Food prices are skyrocketing. In recent weeks the oil price has hit new record highs, forcing transport costs up. And on Thursday interest rates were hiked yet again, putting the squeeze on consumers who owe money on houses, cars and credit cards.

3<sup>rd</sup> Degree is pleased to host an exclusive live interview with Finance Minister Trevor Manual to find out what is driving up costs, what battered consumers can do to reduce the pain, and just how bad our financial future is looking.
