e Press Release: 3rd Degree - The Rainbow Nation Myth

TX: Tuesday 29 March 2011 at 9.30PM

Is racial tension in South Africa escalating? As the race issue flares up yet again, experts warn that we're on a slippery slope: spewing racial stereotypes is a dangerous trend which serves to divide, rather than to unite our nation.

We've had Steve Hofmeyr's ludicrous suggestions that white Afrikaners are being ethnically cleansed, Kuli Roberts' distasteful depiction of coloureds as breeders on a mission, comments by government spokesman Jimmy Manyi, revealing what some call his racist tendencies.

It seems the rainbow nation is beginning to crack, if it ever existed at all.

This week 3rd Degree asks: Is our rainbow nation a myth?
