e Press Release: 3rd Degree - Julius Malema

TX: Tuesday 1 December at 9.30PM

Julius Malema grabs more media attention than just about any other local politician. He has a sound bite for every occasion and pulls the race card regularly and fearlessly.

Some call him a fool, yet as head of the ANCYL he clearly knows what young people think – and what they want to hear.

It would seem he also has a hotline to the top. When he said the charges against Jacob Zuma would be dropped – they were. When he said the then president Thabo Mbeki would be recalled – he was.

He's the politician we all love to laugh at. But as his influence grows, 3rd Degree asks: Is the joke really on us?
