

## PRESS RELEASE

**e Press Release: 3rd Degree - Boy or Girl?  
TX: Tuesday 27 October at 9.30PM**

The debacle around Caster Semenya has thrown the plight of people born with both male and female sex organs into the spotlight.

This Tuesday two intersexed individuals living in Khayelitsha, Cape Town tell 3<sup>rd</sup> Degree their tragic stories. Bullied, teased and marginalised their entire lives, they feel betrayed by their doctors and even their own families.

They speak out strongly against their early sex reassignment surgery. And doctors and social workers explain some of the challenges they face in treating these patients.

We explore ways in which people like this can find happiness, healing and hopefully, acceptance.

3<sup>rd</sup> Degree on e.tv at 9.30PM on Tuesday 27 October 2009.
