

## **Press Release**

### **3<sup>rd</sup> Degree: Children of Fire** **Tuesday 1 August at 8pm**

#### **Children of Fire**

Every year scores of South African children are injured or left homeless by shack fires. However, thanks to charity organizations, generous donations flood in and many clothes and blankets are distributed to those in need...or so we thought. Children of Fire is one such NGO set up to help. Bronwen Jones heads this organization and receives donated goods.

A 3<sup>rd</sup> Degree investigation found that instead of these being fairly distributed, the majority of the donations don't leave her house. And former employees have made devastating allegations against her.

3rd degree on Tuesday 1 August at 8pm, only on e.tv
