e Press Release: 3rd Degree – Swine Flu

TX: Tuesday 18 August at 9.30PM

Swine flu has claimed three lives in just under a month. Its first victim was 22-year-old Stellenbosch student, Ruan Miller. Then a second death from H1N1 was confirmed in the Western Cape. The third was an unnamed 15-year-old orphan from Reddersburg near Bloemfontein.

Is there a cause for concern?

Schools, airports and taxis are places where millions of ordinary people rub shoulders daily. What can be done to ensure that they remain safe and free of swine flu? Is enough being done by public health officials to curb the spread of the virus?

3rd Degree talks to the experts about this new influenza virus, what causes it, where it comes, from and what we should do to stay safe.
