

PRESS RELEASE

e Press Release: 3rd Degree – Fake Healers

TX: Tuesday 19 January at 9.30PM

3rd Degree goes undercover to expose bogus traditional healers who prey on the hopes and fears of desperate people. We expose a herbalist who promises to make you win the lotto, as well as others like him who through ignorance and greed inflict pain and suffering on those who come to them for help.

Millions of South Africans put their trust in traditional healers. The vast majority are capable and compassionate, but because the industry is unregulated, it all too often leaves the vulnerable in the hands of crooks and con-artists.
