### **3<sup>rd</sup> Degree's great moments 2006** **Tuesday 19 December at 8pm**

It's 3<sup>rd</sup> Degree's final programme for the year and to celebrate the festive season they look back on some of the great moments on this programme in 2006.

Who can forget Lydia Khanyile's story; an HIV positive teacher who was discriminated against and dismissed from her teaching post.

They also demanded answers from Bronwyn Jones. She is the owner of Children of Fire and failed to hand out donations of blankets for the needy.

And then there was the conman who helped people jump the queue for RDP houses for a fee. When we confronted him, he ran away....we chased him down.
