3rd Degree: Guns for Hire

Tx: Tuesday 31 May 2011 at 9.30PM

King Williams Town and just a stone's throw away, Bisho, in the Eastern Cape. These two small towns are at the heart of an intense investigation by the Hawks. An alleged hit squad has been operating there for some time. Just last year, there were hits on three spouses, all allegedly "commissioned" by their partners. All of them are allegedly linked to Vuyani Sibanda, who the Hawks believe is the mastermind of the guns-for-hire syndicate.

What drives this phenomenon? Are the murders crimes of passion? Or are they driven by greed and financial gain?

This week 3rd Degree exposes a web of violence and deceit in the Eastern Cape?
