Beat the chill with 20something
TX: Wednesday, 16 April at 8pm

Want to beat the chill this winter? Then snuggle up to 20something as Namhla and Kyle bring you a sizzling show. For all your latest and happening entertainment, tune into 20something every Wednesday at 8pm – Free on e.

20something checks out what's the buzz with the inner city renewal in Jozi. Namhla and Kyle visit the team at Nerina Trogan, Jozi's hottest and trendiest restaurant in Braamfontein.

We whip up the hottest soup 'n bread theme for all your 20something parties with help from our 20something chef Robyn.

Artist Herman Niebuhr lets us in on why "old" is SO "new" right now as 20something gets to see the inner city of Jozi through Herman's art in a new light.

The Other Bolyen Girl is this week's movie preview. The only thing that could come between these sisters is a Kingdom, starring Natalie Portman and Scarlet Johansson.

We play out with Kold Produk's tune, "Hush".
