Cheaters

TX: Monday 27 July at 9PM

The path to true love never did run smooth and for this week's first candidate, Kimber, it's going to be one rocky journey.

Six years ago Kimber fell madly in love with handsome Rick. Shy and mysterious, Rick had just the right charm to bowl Kimber over. Fast forward to the present day and Rick barely notices Kimber's existence.

Late night business meetings, hasty showers and clothing changes have set Kimber's female intuition on high alert. What will the Cheaters detectives discover about Rick's after hours activities?

Don't miss the hurt, betrayal and accusations, this Monday on Cheaters.
