### **Cheaters**

**TX: Monday 20 July at 9PM**

This week on the investigative reality series, Cheaters, we meet Erica, who discovers that her beloved boyfriend, Mike, might not be her soul mate after all.

Theirs was a meeting straight out of a movie. Their eyes met across a crowded bar, Erica made the first move and the rest, as they say, is history. Blissfully happy at first, with romantic breakfasts for two and an insatiable love life, Erica was convinced she'd met "The One".

Lately, though, our lovebirds have been drifting apart. Mike comes home late, hardly speaks to Erica and is constantly arguing with her. What happens when the Cheaters detectives brings Erica proof of her worst nightmare coming true?

Explore the dark side of love with host Joey Greco on Cheaters, this Monday at 9PM.
