### **Forgive & Forget** **Tuesday 13 March at 8.30pm**

A daughter's relationship with her father is usually a very special one.

But what happens if a father refuses to talk to his daughter because of a misunderstanding?

Paulina tells Forgive and Forget how a misunderstanding led to her humiliating her father in front of neighbours and friends. Not only did she scream at him but she also told him that she does not need him and can live without him.

With her father tired of this sort of behaviour and Paulina tired of her father's silent treatment, how will Forgive and Forget host, Mpho Sono heal this relationship?

To find out, watch Forgive & Forget this Tuesday 13 March at 8.30pm, only on e.
