Forgive & Forget : Lessons Learnt

TX: Tuesday 19 May at 9PM

What makes an innocent child turn into a hardened criminal? Is it a lack of parental care or a symptom of their impoverished surroundings? This week's candidate, Gladwin, cannot attest his criminal career to either of these factors.

As a young child, Gladwin was sent to live with his uncle because his mother was an alcoholic. Even though his uncle ensured that he got the best education and all the support he needed, Gladwin still got involved with crime.

Tragedy struck when, at the impressionable age of 19, he was sentenced to a ten year prison sentence for armed robbery. Gladwin's incarceration devastated his uncle.

In a touching apology from his jail cell, Gladwin wants to make amends with his uncle, whom he bitterly disappointed.

Will forgiveness be granted? Don't miss it, this Tuesday on Forgive & Forget at 9PM.
