Forgive&Forget: Who's My Daddy

TX: Tuesday 21 April at 9pm

Father and daughter relationships are special ones. Some women grow up being 'Daddy's little girl' and others spend a lifetime looking for a father figure. Thembeke has had a taste of both experiences because she's been estranged from her dad for years.

A misinterpreted conversation led Thembeke to ask the all important question: Who's my daddy? When she confronted the man who raised her with this question, he was hurt and their relationship took strain.

Now she wants to apologise but will her dad grant her forgiveness? Watch host Doris Msibi and the Forgive&Forget team help bridge the gap between father and daughter this Tuesday.
