

Press Release

Great Expectations **Monday, Tuesday, Wednesday 4-6 Sep** **11.30am**

This week **Great Expectations** explores circumstantial parenthood, be it adoption, fostering, finding an abandoned baby or taking care of a deceased family member's baby. There is an open forum – a show where mother/baby questions are answered with solid common sense advice.

Instant Mothers

Suddenly you are a mother, either through death of a loved one or a long awaited adoption process. **Great Expectations** deals with coming to terms with becoming an instant parent: What you are likely to experience, emotionally, legally and practically and how to cope.

Open Forum

This open forum is designed as a breather show where women can have any questions answered. Specifically an open agenda, this is caller driven.

Driving You Mad

In this episode parents talk about journeys they've made, how much their understanding of their children has improved and how much

family life has changed for the better. Each family has stories of success and change.
