ePress Release: POPSTARS on e.tv - Thrills and spills from POPSTARS Johannesburg - auditions and call-backs

TX: Saturday 25 September at 6.05PM

This week on POPSTARS, the city of gold, Johannesburg, gets the spotlight as POPSTARS takes an in-depth look at the good and the bad that Johannesburg has to offer in the next POPSTARS episode that airs on 25 September 2010 at 6.05PM.

The auditions at Maponya Mall in Soweto were a huge success with the crew struggling to keep up with the thousands of hopefuls that turned up on audition days. The talent was overwhelming and the aspiring POPSTARS raised the bar once again in terms of raw singing talent.

Viewers will also get to know Joseph Rugube from Zimbabwe, an aspiring star who has more to him than meets the eye. POPSTARS delves into the life of Joseph and exactly why he decided to audition for the greatest talent search which is POPSTARS.

We see the Johannesburg call-backs and the group sessions, with some of the best talent on show the city of gold certainly seems to live up to it's name.

Don't forget POPSTARS Extra, the weekly highlights package that takes a look at all the behind-the-scenes POPSTARS footage which airs every Wednesday at 8PM. With all this fun-filled, enthralling entertainment, viewers can't afford to miss out on POPSTARS this Saturday 25 September at 6.05PM only on e.tv, the new home of POPSTARS.
