Skin Deep Reveals All During April
TX: Wednesdays @ 9:30pm

Have you ever wished that you could increase your bra size or that you had fuller lips? Perhaps you want to turn back the clock and erase your wrinkles? On e.tv's cosmetic reality show, Skin Deep, the candidates do all of this and much more.

This April, we go behind the scenes as eight different people go under the surgical knife to improve their looks and, hopefully, heal their emotional scars. From liposuction to facelifts and breast augmentation to laser surgery, we reveal the intricate step-by-step processes involved as well as the intense emotional experiences the candidates go through as they accept their new looks.

One woman tries to reclaim her fabulous figure so that she can be a svelte blushing bride while another wants to remove any similarities she might have to her mother. Does the psychological healing warrant the pain of surgery?

Surgery has never been this exposed. Don't miss it, this April on e.
