e Press Release: Your Date With Destiny

TX: Tuesday 16 June at 9PM

In this week's premier episode of e.tv's psychic dating reality series, *Your Date With Destiny*, two 21st century women discover love in an unconventional way.

Celebrity psychic host Belinda Silbert sets Lungiswa and Heart 104.9fm radio personality Sara B on the path to true love and self-discovery when she reads their auras and matches them each to two suitable suitors.

Independent Lungiswa likes to have things done her way but she's more than ready for a traditional relationship. Bubbly, confident Sara is looking for romance outside of her normal dating pool and is ready for a new partner. Will they be lucky this week?

Belinda not only shoots her cupid's arrow at the ladies, but also interprets a tarot card selected by an audience member so accurately that he can only shake his head...

Tune in to Belinda Silbert as she tunes into you on *Your Date With Destiny*, Tuesday at 9PM.
