e Press Release: Your Date With Destiny

TX: Saturday 1 August at 1PM

Find the love that sets you free with the psychic reality dating show, Your Date With Destiny in its new timeslot, Saturday 1 August at 1PM.

Intuitive host Belinda Silbert is on a quest to help bubbly, creative candidate Jenny find her ideal partner. Could her Mr Right possibly be supportive, dependable Keith or go-getter, suave, businessman Simu?

Auras are the energy fields that surround us and give mystics insights into who we are. Don't miss Belinda's aura reading of a certain lady in lace that exposes her as a soft feminine person hiding behind all of that attitude.

We also discover if the previous episode's matched couple Nola and André were a match made in romantic heaven or not.

Enter the exciting viewers' competition and you could win a pair of stylish his and hers sunglasses.

True love is magical with Your Date With Destiny, this Saturday at 1PM.
