

Press Release

CHEATERS **Tuesday 27 September at 10.50pm**

e.tv brings you Cheaters - a controversial reality TV series that confronts unfaithfulness in an effort to expose relationship problems and help empower the injured party. Love it or hate it, you can't miss it, because the truth is: there's a tad of trailer-park-trash in the best of us.

This week: Crystol Laird and her boyfriend, Scott Skipworth were dating approximately three months when Crystol became suspicious of Scott's behaviour. Scott never invited Crystol to his home and didn't answer phone calls in front of her, so she began to think he might be married. Crystol came to Cheaters for assistance and Cheaters investigators discovered the truth. Cheaters surveillance revealed Scott's marriage to another woman. After viewing the surveillance video, Crystol wants to confront Scott. The confrontation takes place outside Scott's home. He and his wife are very surprised. Scott's wife and Crystol leave the scene after the confrontation.

Marvin Keel and Keisha Dennis were dating for almost a year when Keisha began distancing herself from Marvin. Their phone conversation revealed Keisha's disinterest in the relationship, Cheaters investigators unveiled Keisha's deception by the ninth day of investigation. Marvin viewed the surveillance footage and decided to confront Keisha. The confrontation takes place outside a clothing store. Keisha's companion, Damion Renfro is shocked that she has a boyfriend. Marvin and Keisha leave together to discuss their relationship.
